**Re: California Public Records Act Request of [REDACTED] on August 7, 2017
GOS # 3355118**

Dear [REDACTED]:

The City of San Bernardino received your request for public records on the date noted above. The requested records are from field facilities or other establishments separate from the office processing the request and two or more offices have an interest in the request. The time for initial evaluation will be no later than Thursday, August 31, 2017 as authorized by Gov. Code § 6253(c).

If you have any questions, please contact the undersigned.

Sincerely,

[REDACTED]

Isabel Reyes
Assistant to Steven P. Graham
Deputy City Attorney

**Re: California Public Records Act Request of ██████████ on August 7, 2017
GOS # 3355118**

Dear ██████████:

The City of San Bernardino is in receipt of your request for public records. After a diligent and thorough search the City has determined that responsive records do exist. The records require review and possible redaction because the records likely contain exempt information. We anticipate this process will take approximately one month. You will receive additional correspondence no later than Thursday, September 28, 2017 regarding your request. When the records are made available, if any records are withheld or redacted, you will receive a cover letter stating the basis for the withholding or redaction.

Sincerely,

██
Steven Pacifico Graham
Deputy City Attorney

cc: Jackie Shook, City Clerk's Office

San Bernardino Police Department

San Bernardino PD Policy Manual

Property and Evidence

Any individual item with a value of less than \$15.00, or any amount if the depositor/owner's name is unknown, which remains unclaimed for a year or by order of the court, may be transferred to the general fund without the necessity of public notice (Government Code § 50055).

If the money remains unclaimed as of the date designated in the published notice, the money will become the property of this department to fund official law enforcement operations. Money representing restitution collected on behalf of victims shall either be deposited into the Restitution Fund or used for purposes of victim services.

804.7.3 RETENTION OF BIOLOGICAL EVIDENCE

The Property and Evidence Supervisor shall ensure that no biological evidence held by the Department is destroyed without prior approval from the Investigations Division supervisor or his designee. The Investigations supervisor or his designee shall ensure that there is adequate notification to the following persons, when applicable:

- (a) The defendant
- (b) The defendant's attorney
- (c) The appropriate prosecutor and Attorney General
- (d) Any sexual assault victim
- (e) The Investigations Division supervisor

Biological evidence shall be retained for a minimum period established by law (Penal Code § 1417.9), the Property and Evidence Supervisor or the expiration of any sentence imposed related to the evidence, whichever time period is greater. Following the retention period, notifications should be made by certified mail and should inform the recipient that the evidence will be destroyed after a date specified in the notice unless a motion seeking an order to retain the sample is filed and served on the Department within 180 days of the date of the notification. A record of all certified mail receipts shall be retained in the appropriate file. Any objection to, or motion regarding, the destruction of the biological evidence should be retained in the appropriate file and a copy forwarded to the Investigations Division supervisor.

Biological evidence related to a homicide shall be retained indefinitely and may only be destroyed with the written approval of the Detective Bureau manager and the head of the applicable prosecutor's office.

Biological evidence from an unsolved sexual assault should not be disposed of prior to expiration of the statute of limitations. Even after expiration of an applicable statute of limitations, the Investigations Division supervisor should be consulted and the sexual assault victim should be notified.

Steven,

Please see below our follow up questions. I am also attaching the city's original response.

1. Can you define "sexkits in Aegis or at Crime Lab (Aegis)"? Are these kits that are in either law enforcement or entered in the crime lab software? What indicates that a kit has been tested?
2. Two kits in the "sexkits in Aegis or at Crime Lab (Aegis)" document are from San Bernardino County and one is from LA County. Were these kits sent to the law enforcement agencies or labs in these counties?
3. Is there documentation about how many kits were submitted before 2011?
4. Did SCPD submit kits to CAL DOJ for testing as part of the 2015 CAL DOJ DANY grant?
5. California law encourages law enforcement agencies to submit all sexual assault evidence kits collected after January 1, 2016 to a crime lab within 20 days after it is booked into evidence. Does SBPD policy encourage or require this timeline? Is there a plan to implement this policy?

Regards,

[REDACTED]

Steven,

We tried giving your office a call this morning but unfortunately you were not in today.

If we could schedule a time to address the below questions it would be greatly appreciated.

Regards,

Subject: RE: Public Records Act Request of [REDACTED] on August 7, 2017, GOS # 3355118

Steven,

We tried giving your office a call this morning but unfortunately you were not in today.

If we could schedule a time to address the below questions it would be greatly appreciated.

Regards,

[REDACTED]

Subject: RE: Public Records Act Request of [REDACTED] on August 7, 2017, GOS # 3355118

Steven,

Please see below our follow up questions. I am also attaching the city's original response.

1. Can you define "sexkits in Aegis or at Crime Lab (Aegis)"? Are these kits that are in either law enforcement or entered in the crime lab software? What indicates that a kit has been tested?
2. Two kits in the "sexkits in Aegis or at Crime Lab (Aegis)" document are from San Bernardino County and one is from LA County. Were these kits sent to the law enforcement agencies or labs in these counties?
3. Is there documentation about how many kits were submitted before 2011?
4. Did SCPD submit kits to CAL DOJ for testing as part of the 2015 CAL DOJ DANY grant?
5. California law encourages law enforcement agencies to submit all sexual assault evidence kits collected after January 1, 2016 to a crime lab within 20 days after it is booked into evidence. Does SBPD policy encourage or require this timeline? Is there a plan to implement this policy?

Regards,

[REDACTED]

Thank you for following up.

- 1) I don't have this information. Aegis is the Department's records management software.
- 2) I don't have this information, but likely the kit was taken by the county and transferred to us when a determination was made that the potential crime occurred in the City.
- 3) This information was in the original response. The first table goes from 1984- 2011.
- 4) I don't have this information. If you would like – we can search for the grant records that may include records of the kits going to Cal DOJ.
- 5) The SBPD manual is attached. Policy 602.3 relates to the testing of SAKs.

Regards,

Steven P. Graham

 **Lexipol Policy Manual Final 18-1-30.pdf**

Sexual Assault Investigations

602.1 PURPOSE AND SCOPE

Consistent with Penal Code § 293 and the Sexual Assault Victims' DNA Bill of Rights (Penal Code § 680), this policy will establish a procedure by which sexual assault victims may inquire about and be provided with information regarding the status of any DNA evidence in their case, their right to confidentiality and other rights afforded by law.

602.2 INVESTIGATION CONSIDERATIONS

602.2.1 VICTIM CONFIDENTIALITY

Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code 293 § (a) and (b)).

- (a) Except as authorized by law, members of this department shall not publicly disclose the name or address of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293 (c) and (d)).
- (b) The officer shall also complete the San Bernardino Police Department 293 form with the victim's information.

602.2.2 OFFICER RESPONSIBILITY

Whenever there is an alleged violation of Penal Code §§ 243(e), 261, 261.5, 262, 273.5, 286, 288a or 289, the assigned officer shall accomplish the following:

- (a) Immediately provide the victim with the "Victims Services" pamphlet containing the names and locations of rape victim counseling centers within the county and their 24-hour counseling service telephone numbers (Penal Code § 264.2(a)).
- (b) Immediately provide the victim with the Victim's Bill of Rights per Marsy's Law.
- (c) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2(b)(1)).
 - 1. Prior to any such examination the assigned officer shall ensure that the victim has been properly informed of his/her right to have a sexual assault victim counselor and at least one other support person present (Penal Code § 264.2(b)(2)).

San Bernardino Police Department

San Bernardino PD Policy Manual

Sexual Assault Investigations

2. A support person may be excluded from the examination by the officer or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2(b)(4)).

602.3 TESTING OF SEXUAL ASSAULT EVIDENCE

- (a) Subject to available resources and other law enforcement considerations which may affect the ability to process and analyze rape kits or other sexual assault victim evidence and other crime scene evidence, any member of this department assigned to investigate a sexual assault offense (Penal Code §§ 261, 261.5, 262, 286, 288a or 289) should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g).
- (b) In order to maximize the effectiveness of such testing and identifying the perpetrator of any sexual assault, the assigned officer should further ensure that the results of any such test have been timely entered into and checked against both the Department of Justice Cal-DNA database and the Combined DNA Index System (CODIS).
- (c) If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue is not going to be analyzed within two years of the crime, the assigned officer shall notify the victim of such fact in writing within no less than 60 days prior to the expiration of the two-year period (Penal Code § 680(d)).

602.4 VICTIM NOTIFICATION OF DNA STATUS

- (a) Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, the assigned officer may inform the victim of the status of the DNA testing of any evidence from the victim's case.
 1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 2. Absent a written request, no member of this department is required to, but may, communicate with the victim or victim's designee regarding the status of any DNA testing.
- (b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights:
 1. To be informed whether or not a DNA profile of the assailant was obtained from the testing of the rape kit or other crime scene evidence from their case.
 2. To be informed whether or not there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in

San Bernardino Police Department

San Bernardino PD Policy Manual

Sexual Assault Investigations

the Department of Justice Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.

3. To be informed whether or not the DNA profile of the assailant developed from the evidence has been entered into the Department of Justice Data Bank of case evidence.
- (c) Provided that the sexual assault victim or victim's designee has kept the assigned officer informed with regard to current address, telephone number and e-mail address (if available), any victim or victim's designee shall, upon request, be advised of any known significant changes regarding the victim's case.
1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 2. No officer shall be required to or expected to release any information which might impede or compromise any ongoing investigation.

602.5 DESTRUCTION OF EVIDENCE

Any destruction of evidence related to a sexual assault shall occur only after victim notification is made as required pursuant to Penal Code § 680 and only in compliance with the Property and Evidence Policy.
