Hi Bianca,

I hope you are doing well and thank you again for your assistance with the below.

We wanted to follow-up with you since the attached does not include information regarding the kits' analysis status. For example, we are unable to determine from the attached how many kits were sent to the lab, tested, untested, destroyed or lost.

Would it be possible to provide us with the above information?

Thank you,

[redacted]

Dear [REDACTED]

In response to your Public Records Act request dated November 24, 2020. The Salinas Police Department responded on 12/04/2020 stating additional time was required to identify, review, and produce non-exempt responsive records. Our system is not set up to fulfill all the requested information, please review the document attached with the information our system is able to generate. If it is determined this information is sufficient we will gladly produce the rest of the responsive records. Some portion of the public records being produced have been redacted as they contain confidential information that is exempt from disclosure.

Thank you,
Bianca Navarro-Raya
Records Coordinator

Subject: PRA-Goodwin Procter 11/25/20

Dear [REDACTED]

We have received your Public Records Act request dated November 24, 2020, in which we will require additional time to search for, identify, review, and produce non-exempt responsive records. Your request is asking for 20 years' worth of records. Our system does not provide this sort of information, and it will therefore require staff to review individual records and it could take some time. Salinas Police anticipates being able to produce non-exempt responsive records by January 13, 2021 and may provide partial responses and a partial production of records before then.

Thank you,
Bianca Navarro-Raya
Records Coordinator

Dear [REDACTED]

In response to your Public Records Act request dated February 10, 2021. Salinas Police Department responded on February 19, 2021 stating additional time was required to identify, review, and produce non-exempt responsive records.

Salinas Police Department has identified responsive records to your request. We are enclosing copies with this response (refer to attachment).

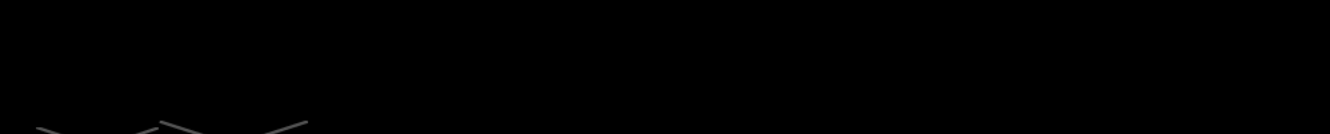

Please refer to Salinaspd.com for policies and procedures pertaining to your request.

Feel free to contact me if you have any additional questions.

Sincerely

Bianca Navarro-Raya
