BY FEDERAL EXPRESS AND ELECTRONIC MAIL

Jason Salazar
Chief of Police
Visalia Police Department

Dear Chief Salazar:

We represent the Joyful Heart Foundation (“Joyful Heart”) in connection with its Accountability Project and submit this letter to you on its behalf. Joyful Heart is a non-profit organization focused on preventing and remediating sexual assault, domestic violence and child abuse. As part of the Accountability Project, Joyful Heart is collecting information throughout the country concerning policies and procedures on evidence processing for the crime of rape, as well as information on the processing of rape kits each year. The ultimate goal of this initiative is to end the backlog of untested rape kits throughout the United States and to work with jurisdictions to develop and implement survivor-centered reforms. Joyful Heart is hoping to collaborate with Visalia Police Department (“VPD”) as well as other local authorities in pursuit of this goal.

This letter is a request for information from Joyful Heart pursuant to the California Public Records Act, § 6250 et seq. (the “Act”). As you are aware, the Act provides that the public must have access to public records not specifically exempt from disclosure.

Joyful Heart hereby requests that the VPD provide public records regarding each of the following:

1. Any documentation regarding the number of sexual assault evidence kits received by the VPD from January 1, 2000 through the present, broken down by year, and, if any such documentation exists from prior to January 1, 2000, any documentation showing when maintenance of such records began;
2. Any documentation regarding the number of sexual assault evidence kits received by the VPD which were analyzed for DNA from January 1, 2000 through the present, broken down by year, and, if any such documentation exists from prior to January 1, 2000, any documentation showing when maintenance of such records began;

GOODWIN | PROCTER

Jason Salazar

3. Any documentation regarding the number of sexual assault evidence kits received by the VPD which were not analyzed for DNA from January 1, 2000 through the present, broken down by year, and, if any such documentation exists from prior to January 1, 2000, any documentation showing when maintenance of such records began;
4. Any documentation providing the reason(s) the sexual assault evidence kits identified in (3) were not sent to a crime lab for DNA analysis, and, if any such documentation exists from prior to January 1, 2000, any documentation showing when maintenance of such records;
5. Any documentation regarding the number of sexual assault evidence kits received by the VPD that are unprocessed and remain in any storage facilities currently under the police department's jurisdiction and control;
6. Any documentation regarding the number of sexual assault evidence kits received by the VPD which have been lost or destroyed from January 1, 2000, broken down by year and, if any such documentation exists from prior to January 1, 2000, any documentation showing when maintenance of such records began; and
7. Any written policies or procedures regarding the VPD's practices on the handling of sexual assault evidence kits, including testing protocols and retention and destruction policies and also including any documents defining the meaning of any terms or abbreviations used by the VPD pertaining to sexual assault evidence kits

Please note that **no** private information of individual suspects or victims is being requested, as we fully respect the privacy interests of those individuals. We are happy to work with you to ensure that all privacy regulations are upheld.

Joyful Heart also requests that, if you are not the correct contact for this request, you identify a specific individual with whom it can communicate regarding this request.

We appreciate your immediate attention to this matter. In accordance with Section 6253(c) of the Act, we expect to receive a determination as to whether this request is for disclosable public records in the PD or the City Clerk's possession within ten (10) days of your receipt of this request. We understand that an additional fourteen (14) day period may be required to respond to this request, in which case we expect to receive notice of such extension within the 10-day period. In accordance with Section 6253(c), once the determination has been made, we also look forward to receiving an estimated date and time when the records will be made available. In any event, we expect the Police Department to identify a relevant point of contact, if it is someone other than yourself, as requested above within the statutory ten (10) day period.

GOODWIN | PROCTER

In addition, pursuant to Section 6253(b) of the Act, we understand that fees covering direct costs of Duplication may be imposed in connection with this request. We would kindly request that you provide an estimate of the fees for the above listed documentation prior to incurring any such fee.

If you have any questions, please do not hesitate to contact me at 

Sincerely,

cc (via email): Joyful Heart Foundation

RE: Public Records Act Request – Joyful Heart Foundation

TO WHOM IT MAY CONCERN:

Enclosed is the data regarding Sexual Assault Evidence Kits requested in your Public Records Act request submitted to our Department on December 21, 2020. We appreciate your patience and cooperation as we gathered, reviewed, and compiled the data.

The data will cover your requests for:

- 1) Any documentation regarding the number of sexual assault evidence kits received by the VPD from January 1, 2000 through present, broken down by year, and, if such documentation exists from prior to January 1, 2000, any documentation showing when maintenance of such records began;
Refer to Tab 1 – Total # of Kits
- 2) Any documentation regarding the number sexual assault evidence kits received by the VPD which were analyzed for DNA from January 1, 2000 through the present, broken down by year, and, if any such documentation exists from prior to January 1, 2000, any documentation showing when maintenance of such records began;
Refer to Tab 2 – Kits sent for Testing
- 3) Any documentation regarding the number of sexual assault evidence kits received by the VPD which were not analyzed for DNA from January 1, 2000 through the present, broken down by year, and, if any such documentation exists from prior to January 1, 2000, any documentation showing when maintenance of such records began;
Refer to Tab 3 – Kits Not Sent for Testing

- 4) 4. Any documentation providing the reason(s) the sexual assault evidence kits identified in (3) were not sent to a crime lab for DNA analysis, and, if such documentation exists from prior to January 1, 2000, any documentation showing when maintenance of such records;
Refer to Tab 3 – Kits not Sent for Testing
- 5) Any documentation regarding the number of sexual assault evidence kits received by the VPD that are unprocessed and remain in any storage facilities currently under the police department's jurisdiction and control;
Refer to Tab 3 – Kits not Sent for Testing
- 6) Any documentation regarding the number of sexual assault evidence kits received by the VPD which have been lost or destroyed from January 1, 2000, broken down by year and, if any such documentation exists from prior to January 1, 2000 any documentation showing when maintenance of such records began; and
Refer to Tab 4 – Kits Lost-Destroyed
- 7) Any written policies or procedures regarding the VPD's practices on the handling of sexual assault evidence kits, including testing protocols and retention and destruction policies and also including any documents defining the meaning of any terms or abbreviations used by the VPD pertaining to sexual assault evidence kits.
Refer to Policy 601.6.1

If you have any questions, please do not hesitate to call me at [REDACTED]

Sincerely,

JASON SALAZAR
CHIEF OF POLICE

Lisa Davis
Support Services Manager

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

601.2 POLICY

It is the policy of the Visalia Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with SART.

Sexual Assault Investigations

601.4 REPORTING

In all reported or suspected cases of sexual assault, after an initial investigation and it is believed to have occurred, a report will be written and assigned for follow-up investigation. Officers may write a report even if the allegations appear unfounded or unsubstantiated.

601.5 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.5.1 VICTIM RIGHTS

Whenever there is an alleged sexual assault, the assigned officer shall accomplish the following:

- (a) Advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, any other rights of a sexual assault victim pursuant to Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).
- (b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).
 1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).
 2. A support person may be excluded from the examination by the officer or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

Sexual Assault Investigations

601.5.2 VICTIM CONFIDENTIALITY

Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

601.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

601.6.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). Generally, SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, a Property and Evidence Technician shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the Property and Evidence Technician determines that a SAFE kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the Property and Evidence Technician shall update the SAFE-T database to reflect the reason for the delay in testing. The Property and Evidence Technician shall continue to update the status every 120 days

Sexual Assault Investigations

thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the Property and Evidence Technician shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680(d)).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

601.6.2 DNA TEST RESULTS

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

- (a) Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim's case (Penal Code § 680).
 - 1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 - 2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim's authorized designee regarding the status of any DNA testing.
- (b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):
 - 1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.
 - 2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.
 - 3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank of case evidence.
- (c) Provided that the sexual assault victim or the victim's authorized designee has kept the assigned officer informed with regard to current address, telephone number, and email address (if available), any victim or the victim's authorized designee shall, upon request, be advised of any known significant changes regarding the victim's case (Penal Code § 680).

Sexual Assault Investigations

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

601.6.3 STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT

The Property and Evidence supervisor should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases. Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14). SAFE kits may also be obtained from Forensic Nurse Specialists who complete the exam.

601.7 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigations Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Investigations Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

601.8 CASE REVIEW

The Investigations Bureau supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

601.9 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigations Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

Visalia Police Department

Visalia PD Policy Manual

Sexual Assault Investigations

601.10 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
 - 5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.
